SPECTRUM SERIES

Canopy Light
Replacement

MANUAL DOWNLOAD

How to Replace the Canopy Lights

Step 1 - Remove the glass screen

IMPORTANT: UNPLUG THE FIRE FROM THE POWER SOURCE BEFORE STARTING THESE STEPS

Remove glass - Remove the screws circled in red so the glass can be removed. The screws will be needed to reinstall the glass.

Attention: After removing the screws, hold the glass firmly to prevent it from tipping forward.

How to Remove the Plastic Tray

Step 2 - Remove the plastic tray

Remove the two screws circled in red to release the plastic tray.

Photo after removing the plastic try.

How to Remove the Canopy Light

Step 3

Disconnect the connecting wire shown in the red circle, and then remove the air outlet panel component

Attention: The connection method of the light bar is based on one in and two out

Using a tool, loosen the single headed airplane buckles shown in red circles on both sides of the fixed canopy light strip to remove the canopy light strip.
